## GivingTuesday – Support BRI

Today is Giving Tuesday. Always the first Tuesday after Thanksgiving, Giving Tuesday is designed as a global movement of generosity to unleash the power of people and organizations to transform their communities and the world.

***On this Giving Tuesday, amidst a global pandemic, what is more important than the future of healthcare?***

In the past 10 months, we have seen the need to limit regulation in healthcare to continue the use of telemedicine and speed up approval of much-needed drugs. We have seen transparency rules finally put in place so hospitals have to share prices before they conduct healthcare services, so patients know what they are paying for up front. We know that medical students do not understand, and are not getting taught, why single-payer healthcare is the wrong answer for the future of medicine and how to help maintain the doctor-patient relationship.

***YOU can help support the future of healthcare by supporting Benjamin Rush Institute.*** Our mission is to educate medical students on free market, free enterprise solutions that will help maintain the doctor-patient relationship.

On Giving Tuesday, and as you consider your year-end donations, consider Benjamin Rush Institute. BRI is a 501c3 organization. Your donation is tax-deductible.
